M.P. COUNCIL: Street Improvement Plan Advances Toward Completion with New Vote

MENLO PARK—Another move was made toward actual work on the proposed Fremont St. improvement project Tuesday by Menlo Park city councilmen as they took an official vote of intention on the project and set Aug. 17 as the date for a protest hearing.

The proposed improvements will be made on Fremont St., Florence Ln., and a portion of Middle Ave. They will include grading and preparation of a sub-grade, construction of cement concrete curbs, gutters and sidewalks, three-inch water bound rock macadam base pavement, two-inch asphaltic concrete surface pavement, and vitrified clay pipe sanitary sewer laterals.

Cost of improvements would be borne by property owners who benefit by the construction. They are owners of lots in Stanford Park annex and Fremont Acres. According to a report submitted to the council by Edwin H. Smith, city engineer, the work will cost $22,961.61. The actual cost of improvements will, according to his figures, be $20,543.25 and incidentals should run $2415.36.

A petition protesting parking of Greyhound buses on El Camino Real between Oak Grove and Santa Cruz Aves., was submitted to the council.

The council decided to consider the advisability of another hearing at its Aug. 10 meeting. The action was taken because Councilmen Charles P. Burgess and William F. Cutter were absent.

Councilmen voted to enforce the new withholding tax on city employe's salaries beginning with the first period after July 1.

Ben Allen To Speak At Menlo Park Forum

Ben S. Allen of Palo Alto, an associate of former President Hoover in Belgian and Russian relief activities, will address the Menlo Park Forum tonight at 8 o'clock in the Menlo Park City Hall on the subject, "The Need for Relief in Europe."

The public is invited.

Drink Company Starts Drive

Bottlers of Coca-Cola are using a total of 1612 newspapers in 1379 cities for a new advertising campaign launched this week, according to M. L. Jacobs, manager of the Coca-Cola Bottling Co.

Jacobs emphasized the universal coverage that is provided by newspapers and stated that more than 909 Coca-Cola bottling plants throughout the country are represented in this nation-wide use of this medium of advertising.

"The part played by Coca-Cola in the daily life of American soldiers and sailors around the world and the fact that 'Coke' is the recognized abbreviation only for Coca-Cola, form the theme of this new program," said Jacobs. "Our armed forces have found Coca-Cola being bottled at many points throughout the Allied Nations. They look upon 'Coke' as one of those little things that remind them of home."

In pointing out that the new advertising features "Coke," the friendly abbreviation of Coca-Cola, Jacobs recalled the famous decision written by the late Justice Oliver Wendell Holmes, of the United States Supreme Court, to the effect that 'Coke' means Coca-Cola.

Following the introduction of the campaign in the nation's press, the theme will be featured in magazines, radio scripts, posters and other media in an extensive advertising schedule.

The British government pays the natives of Tirah, India, 240,000 rupees a year to avoid banditry.

S. P. Honors Its Service Men

When the number of former Southern Pacific officers and employes in the U. S. fighting forces passed the 12,000 mark, the event was observed by 90,000 of their fellow employes by War Bond purchases, blood pledges for the Red Cross and other wartime activities. This railroad now has a manpower shortage of 10,000. Picture shows President A. T. Mercier officiating at change of service flag marker.

Skeggs Warns Traffic Violators

Drivers who become involved in an accident as a result of crossing highway dividing strips where lanes are not designated stand absolutely no chance in court, according to Col. John Skeggs of the California Division of Highways.

Skeggs mentioned this point in a discussion of traffic problems on El Camino Real at a special meeting of city council Monday. Drivers, he said, have not as yet accepted the dividing strips as spaces which must not be crossed and many violations occur. He urged police chiefs to watch for such violations.

John Layng asked the council if the city could not do something about the several tons of newspapers stacked in a building which he has leased at 712 Jefferson Ave. The papers were collected by the Boy Scouts in a drive last year and have not been disposed of. The council suggested that Layng get the Salvation Army to take they away.

Ralph S. Dodge, city clerk, reported that checks received from the Metal Thermite Corp. for tin can scrap turned in during April, May and June totalled $129.78. The salvage committee, headed by Frank DePatta, has collected about $1000 for scrap turned in so far. The money has been turned over to the war council for civilian defense needs.

RECREATION: Morton Lists Events for Next Eight Weeks

A schedule of events planned for Redwood City boys and girls during the next eight weeks was announced today by Alfred (Red) Morton, Recreational director.

First event on the list is a series of six films which will be shown today at 1:30 p.m. at the McKinley School. The pictures, secured through the help of the local OCD office, will show the place of civilian defense in the community and what the men in the armed services and industry are doing to win the war.

Titles of the films are: (1) The New Fire Bomb; (2) Men and the Sea; (3) Spirit of '43, a Walt Disney Donald Duck film; (4) Campus on the March; (5) Winning Your Wings; (6) Air Raid Warden.

Along with the films there will be community singing.

Remainder of the program includes: Track and Field Meet for boys and girls, Friday, July 23, 10 a.m.; community singing and moving pictures, July 30, 1:30 p.m.; bike races for boys and girls, Aug. 6, 10 a.m.; community singing and moving pictures, Aug. 13, 1:30 p.m.; baseball throw and rope jumping contest, Aug. 20, 10 p.m.; community singing and moving pictures, Aug. 27, 1:00 p.m.; horseshoe pitching contest for boys and girls, Sept. 4, 10 a.m.

Privately-owned forest land in the United States totals 434,000,000 acres.

OLD PHONOGRAPH RECORDS URGENTLY NEEDED!

FOR OUR FIGHTING MEN

Join in the

AMERICAN LEGION DRIVE FOR SCRAP RECORDS

The American Legion is collecting old phonograph records during the entire month of July. Search your old albums, your basement, your attic . . . for any old records you may have. Turn them in to any of the addresses below and they will be turned over to the local American Legion Post. The Legion then trades them in to the record makers for new records which are sent to our fighting men on all the fighting fronts of the world. Just think of the joy this gives to our boys. Bring in your records NOW!

BRING YOUR RECORDS HERE

We Will Turn Them Over to the Legion

"When Long Distance Lines are extra busy I'll ask your help"

WHEN a street or a road is crowded, you can see it. But you can't see when the Long Distance lines are crowded.

So the operator will tell you when the circuit you want is extra busy. Then she will ask you to limit your Long Distance call to not more than 5 minutes.

That will help others to get their calls through, too.

Of course, there won't be congestion every time you call, but when there is we know you'll be glad to co-operate.

Thanks for all your help so far. War needs the wires more and more every day.

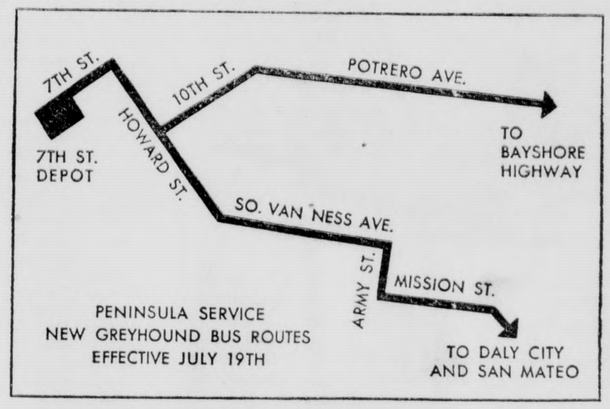
Greyhound Announces
CHANGE of ROUTES
in San Francisco



This map shows the new route which Pacific Greyhound buses serving the Peninsula will use in San Francisco on and after July 19th

MISSION ROUTE

The commutation buses now operating via Mission Street will travel, effective July 19, on Howard Street and Van Ness Avenue between 7th and Army Street instead of via Mission Street as they now operate.

BAYSHORE ROUTE

The only change in the Bayshore Highway Route will be between 7th and 10th Streets, where buses will then travel via Howard Street instead of Mission Street as they do at present.

NEW PASSENGER STOPS EFFECTIVE JULY 19th

MISSION ROUTE	BAYSHORE ROUTE
DEPOT — 7TH	DEPOT — 7TH
HOWARD & 10TH	HOWARD & 10TH
HOWARD & 12TH	HARRISON & 10TH
HOWARD & 14TH	BRANNAN & 10TH
SO. VAN NESS & 16TH	POTRERO & 16TH
SO. VAN NESS & 18TH	POTRERO & 18TH
SO. VAN NESS & 20TH	POTRERO & 22ND
SO. VAN NESS & 22ND	POTRERO & 24TH

HOSPITAL: Army Project To Be Ready for Occupancy By Oct. 1, Engineer Says

Just 105 days after ground was broken for the army hospital being built on the Timothy Hopkins estate in Menlo Park the buildings will be ready for occupancy, it was announced today by Capt. Grand L. Miner, army engineer in charge of construction.

"We broke ground June 18," Captain Miner said, "and will be ready for occupancy Oct. 1. As of Saturday, we are ahead of schedule."

Contractor for the 78-building hospital, the G. W. Williams Co. of Burlingame, now employs 485 men and expects to add another 400 men when construction reaches its peak.

The architecture of the hospital, according to Captain Miner, will be "farm" style. The only two story buildings will be the administration center and the quarters for officers and nurses. The wards, which are connected by covered walks, the post exchange, the mess hall and the barracks for enlisted personnel will be one story stucco buildings with green shingle roofs.

No post quarters for families are provided for in the hospital's blueprint, which includes two officers' quarters and four nurses' quarters. There will be four detention wards, according to Captain Miner, and the entire hospital grounds of 130 acres will be fenced.

Although he has no figures on the expected size of the personnel of the hospital, Captain Miner said that the project's heating plan "would be sufficient to heat a small city."

The entrance to the hospital will be located 400 feet south of the Ringwood Rd. turnoff on Middlefield Rd. It will lead through a grove of oak trees to the administration building.

The hospital, which is known thus far as the Palo Alto Army General Hospital, will take up almost the entire area purchased by the War Department this Spring. Captain Miner had no comment to make on the rumor that the southern portion of the Hopkins estate may be purchased later for construction of a second hospital.

The Palo Alto Hospital is one of three $3,000,000 1700-bed hospitals being constructed this year in California.

The quality of cork improves each time the tree is stripped.

Committee Approves Campaign

Redwood City Chapter, American Red Cross, today issued an appeal for volunteers to man its wartime services as the volume of work increased and the number of workers declined.

At a meeting of the executive committee of the chapter this week, a recruiting campaign in the press and theaters was approved. Service chairmen said the most urgent requirements are for blood donors, production workers, office workers and motor corps members.

In a statistical analysis of the situation, Mrs. A. B. Swinerton, chairman of special services, reported that the Redwood City-Woodside area produced only 707 volunteers in the past year, of whom 602 were in production work—knitting, making dressings, etc. This left only 107 to staff the other services, including nurses aid, home service, canteen and nutrition, life saving, first aid, home nursing, draftee service, information, blood donor service and the central office.

Home service duties are increasing monthly, according to Mrs. Leslie M. Rudy, chairman. Expenditures have approximated $600 per month. The service assists dependents of men in service.

The chapter voted $72, balance in its hospitality house fund, to the USO, now operating the city hospitality room. The money was collected for the express purpose of entertaining service men, it was explained.

Request of A. W. Russell of the civilian defense emergency medical service for use of the chapter's two station wagons as auxiliary ambulances was denied.

Mrs. Richard Schmidt, vice chairman of the chapter, said the vehicles would be required for Red Cross purposes in case of emergency.

The executive board learned that Mrs. Mary G. Thorning, chapter chairman for 17 years and recently named chairman emeritus, has declined that office.

Services For Youngster Conducted

Funeral services were held Monday in the Menlo Park Church of the Nativity for 2-year-old Charlotte Lang, daughter of Mr. and Mrs. George Lang, who was killed Saturday morning when she was struck by a car her father was backing out of the garage of the Lang home, 848 Oak Grove Ave., Menlo Park.

Police said the child was evidently playing in the yard with her sister, Phyllis, 7, and ran in back of the car. The first warning Mr. Lang had of the danger was when Phyllis screamed, "Daddy, Charlotte is under the car." He rushed the child to the Palo Alto Hospital, but she was dead on arrival.

Charlotte had two sisters, Phyllis and Mary Jane, the latter about a year old, and a brother, Roy, 9. Her father has been a mathematics teacher at Palo Alto High School for the past several years.

Interment was in Holy Cross Cemetery.

Court Affirms R.C. Judgment

The State District Court of Appeal today affirmed a San Mateo County Superior Court judgment awarding $12,500 to Evelyn Pruitt and $2500 to Ed Hansen as the result of a San Mateo automobile accident Mar. 22, 1941, in which Mrs. Pruitt's husband, Joseph, was fatally injured and Hansen was hurt.

Hansen, 37, of San Mateo, was driving the car in which Joseph Pruitt, 35, 312 South Grant St., San Mateo, was riding. The judgment was against Harry Krovitz, 21, Bay Meadows jockey, driver of the vehicle, and Edward Krovitz, listed as the owner.

California Lists New Graduates

Among the recent graduates from the University of California at Berkeley on a list released today were these students from the Redwood City area:

Maxwell Brough Leonard, Redwood City; Ramona Shepherd Adams, Atherton, and Bobbie Virginia Sperry of Menlo Park.

Degrees were awarded 1939 students and 261 certificates were earned on the Berkeley, San Francisco and Davis campuses. Degrees included 370 associate in arts, 26 professional degrees, 1213 bachelor degrees, 52 masters and 42 doctors.

I'm Dehydrating fruits and vegetables

But FIRST...I learned what I should not do and what I should do

• Drying of fruits and vegetables can be done in the home by means of a dehydrator cabinet equipped with a proper type electric heater or on trays in your kitchen range. It takes careful preparation of foods to be dried, plus time, patience and constant attention or the food will be spoiled and wasted. Below is a list of some of the should and should not precautions to take in drying food at home.

I SHOULD select vegetables and fruits carefully, using only fresh, firm produce.

I should work quickly to keep produce in full flavor.

I should steam-blanche all foods until they are tender.

I should place the blanched foods on drying trays in half-inch layer.

I should dry at correct temperature at full time for each specific food.

I should stir or turn foods being dried and rotate position of trays.

I should store dried food in clean dry containers which are absolutely moisture, air and insect-proof.

I should be sure vegetables are brittle-dry like shredded wheat.

I should examine my stored dried food at least once every week.

I should store dried foods in a cool, dark, dry place.

I SHOULD NOT try to dry wilted, bruised, overripe or decayed produce.

I should not keep the cut-up fruits and vegetables too long in a warm kitchen.

I should not fail to use full time in steam blanching to seal in flavor and vitamins.

I should not crowd foods on drying trays.

I should not guess at time and temperature for drying, but follow chart.

I should not dry food like roasting. Food must be dried evenly on all sides.

I should not take any chance with improper dried food storage or the food will become sour or wormy.

I should not stop drying until 95% moisture is dried out.

I should not expect dried food to keep indefinitely.

I should not allow the dried foods to get warm or be exposed to the light.

ELECTRICITY IS WAR POWER DO NOT WASTE IT!

Successful home drying depends upon efficient equipment, the quality and kind of vegetables and fruits and the careful adherence to rules in every step in the process, including storage. Do not rush into dehydration unless you intend to work hard at it. As a first step come into any P. G. & E. office for the free booklet on *"Home Drying of Fruits and Vegetables."*

REDWOOD CITY

CD Council To Conduct Canning Center

Women who find themselves with surplus vegetables, fruit or poultry, but without the means of canning it, can have their problem solved for them.

Redwood City's Civilian Defense Council and the Red Cross today announced sponsorship of a "Canning Center" to be held here this coming today and Tuesday and Wednesday of next week.

At the center, expert guidance and pressure cookers will be available, all supplied free of charge.

Mrs. S. S. Mayo, chairman of the committee in charge, said the center would be held in the Sequoia High School Cafeteria here from 9:15 a.m. to 12:15 p.m. and from 1:30 to 4:330 each of the days—July 16, July 20 and July 21.

San Mateo Junior College will supply an instructor and a technical assistant, and also will furnish pressure cookers. The instructor will be Mrs. Clara S. Radabaugh, for 15 years the home economics teacher at Half Moon Bay High School. She was trained at Iowa State College. Her technical assistant will be Mrs. J. T. Heiry of Redwod City, a member of the sponsoring committee, which also includes Mrs. Ernest A. Fox, Mrs. Emmett Donnelly, Mrs. A. S. Kalenborn and Miss Marjorie Landers.

Two methods of preserving foods will be shown at the canning center: the "boiling water bath" for fruits; the pressure cooker method for vegetables and meats—considered the only safe method of preserving these foods.

Women who wish to attend the center must:

1. Register in advance by telephone with the civilian defense office (RC 824) or the Red Cross (RC 118).

2. Bring to the canning center at the appointed time the following items: the vegetables, fruits or meats to be canned (they can be prepared for canning at the center); clean jars (they should be washed at home); new covers; jar rubbers if needed; paring knives; dish towels; pot holders; sugar; salt; funnel to fill jars; apron; collander, if available. Other equipment will be provided.

"If the demand warrants it," Mrs. Mayo said, "we hope to continue this project through the canning season, on Tuesday and Wednesday of each week. And if more demand the service than can be handled on these days, we'll try to arrange another day."

Any woman living in Redwood City or vicinity may take advantage of the canning center, Mrs. Mayo said.

Many specifications which for years have been a part of the Government's purchasing media are being revised in keeping with scarcity of certain critical materials, the Department of Commerce reports.

REDWOOD CITY PHONE 1300

City Council Studies Freeway Plan

Plans for a Bayshore Hwy. freeway through Redwood City were presented to the city council at a special meeting Monday night by Col. John H. Skeggs, of the State Division of Highways.

Work on the freeway, which has all the earmarks of an engineer's dream of a super-highway, will start immediately after the war, Skeggs said.

The plan has been worked out by state highway engineers and provides for a minimum of six lanes with a 40-foot dividing strip and "interchange facilities" in Redwood City at three points. The interchange facilities allow vehicles to enter, leave or cross the highway by means of overpasses and right hand turns, thus minimizing "friction."

Under the plan the Bayshore Hwy. right-of-way would be increased to 230 feet and interchange facilities would be situated at Roger St., Main St. and Chestnut St.

At Roger St. northbound traffic entering the highway would cross over and enter from the east side. Northbound traffic leaving the highway to enter town would use the same overpass. Another overpass serving the same purpose would enter Bradford St. between Jefferson and Main.

The highway itself would be routed over Chestnut St. and the railroad tracks so that traffic headed north from Chestnut would cross under the highway and enter from the east side.

Skeggs said that most of the land needed for the right-of-way has been acquired.

Much work has been done already on plans and specifications and work on the freeway, he said, should be able to start immediately after the war.

Plans for the freeway were presented to the council so that a working agreement could be entered into between the city and the State Division of Highways. Council approved of the freeway plan and requested that City Atty. Paul E. McCarthy examine the terms of the working agreement which was presented by Colonel Skeggs. McCarthy will report on the terms at the next council meeting.

The Redwood City freeway is part of a general plan to develop the entire Bayshore Hwy. Other cities between here and San Francisco have approved similar plans worked out by the State Division of Highways.

Highlands Group Holds Meeting

Directors of the Highlands Improvement Assn., Emerald Lake, meeting at the home of Pres. E. Hoffman Price, voted to forego collection of dues from those members of the association entering the service.

The board also expressed appreciation for the co-operation given by County Engineer M. A. Grant in assisting the roads and highways committee, headed by A. J. Bullerdieck.

Director H. R. Chapin reported the water shortage in the Glenloch Way area is in the process of being remedied by the Redwood City Water Dept. through additional pumping capacity to the Hillcrest Way tanks.

The board voted to hold meetings only upon call by the president and secretary when matters requiring action by them came up. Directors and members were asked to forward any problems or questions to Secretary Bullerdieck.

Peterson Requests Supervisors' Answer

County Executive Frederick Peterson today requested the board of supervisors to answer his letter of June 8 regarding salary ranges for chief deputy county officers. On June 8 Peterson charged that the chief deputy county controller had been favored above all other chief deputies. He said no answer had been received.

"As this matter is too important to be pigeonholed, I would appreciate an answer to my letter," he wrote.

Bond Sales Double During Year

First class mail dispatched from the Redwood City Post Office for the fiscal year ending June 30 increased 25 per cent over the previous year, according to a report issued today by Postmaster Robert E. O'Connell Jr.

O'Connell, commenting on the report said all department were much busier than the year before. Since 1937, he said, business has doubled.

Approximately 3,145,000 pieces of mail were dispatched in the last year. In the year previous the post office dispatched 2,559,000. This, O'Connell said, does not include circulars.

Sales of stamps and envelopes for the year just concluded came to $138,807. For the year ending June 30, 1942 they were $110,431.

Sale of war bonds and stamps were more than double the sales for the year before—$437,046 as against $190,083.

The pay roll of the post office is $86,000. O'Connell said the number of men and women employed is about the same as last year.

Other comparisons with last year are: Money orders issued: 1942, $580,526; 1943, $728,549. Postal savings receipts: 1942, $40,620; 1943, $50,225. Value of automobile stamps (use tax) sold: 1942, $37,000; 1943, $40,000. Value of revenue stamps sold: 1942, $22,400; 1943, $30,535. Total cash receipts for the fiscal year: 1942, $981,061; 1943, $1,425,162.

Value of money orders paid out: 1942, $339,610; 1943, $528,030. Parcel post packages dispatched: 1942, 120,000; 1943, 200,000.

The incoming mail, O'Connell said, far exceeds these figures because of the magazines, bills and circulars that arrive.

'Laugh Time' In San Francisco

From Broadway and the movie lots, the night clubs and radio come the stars and headliners of "Laugh Time," which has scored at the Curran Theater as another Paul Small-Fred Finklehoffe revue hit. Together for the first time, Frank Fay, Ethel Waters and Bert Wheeler are the big-three combination at the head of all this all-Broadway laugh aggregation. Counted among the star attractions of "Laugh Time" are Leonard Gautier's dog performers, The Bricklayers, known to Broadway and Hollywood as the topmost act of its kind.

Billed as a variety stage revue, "Laugh Time" comes as the latest in the Small-Finklehoffe string of Broadway and West Coast successes. It was these two that put on the Ed Wynn hit, "Big Time," and earlier, "Show Time," in which George Jessel, Jack Haley and Ella Logan were the bill-toppers.

Take it from the San Francisco critics, "Laugh Time" has not only pace and change of pace, but it has imagination and the flavor that only top-money talent can give a show of this kind. For one thing, Frank Fay and Bert Wheeler are certainly no tyros. They can make an audience scream with laughter, and so can a hundred other comedians. But Fay and Wheeler, alone or together, can establish that intangible rapport that can make the fellow in the audience feel he's part of the performance.

Taking on the proportions of a real Broadway revue, "Laugh Time" may well exploit Ethel Waters as the biggest singing attraction yet booked by Small and Finklehoffe.

Besides Frank Fay, Ethel Waters, Bert Wheeler and the Bricklayers, "Laugh Time" presents a wide range of song and dance stars headed by Paul Haakon, Eunice Healey, Lucienne and Ashour, Jerri Vance and others.

RENT CEILINGS: Judge Issues R.C. Injunction

Federal Judge Michael F. Roche in San Francisco Monday issued an injunction ordering William J. Chapple, A. N. Paterson and F. G. Musso to obey OPA rent ceilings in leasing their Redwood City properties.

It was the first action against a Peninsula property owner taken by OPA. The injunction suit was filed May 3 on charges from tenants of apartments owned by Musso at 37, 39, 41 and 43 Clinton St.

Musso explained that he purchased the property in July, 1942, and continued the rents in effect at the time. Chapple and Paterson, representing Chapple Realty Co., 708 El Camino Real, acted as agents for the owner.

Musso reimbursed the tenants involved as soon as he learned that the Mar. 1, 1942, rent ceiling had been violated.

REDWOOD CITY PHONE 1300

CIVILIAN DEFENSE: City Seeks Added Messengers

A request for volunteers to act as messengers for the civilian defense control center was made Tuesday by Mayor Floyd D. Granger at a meeting of the Redwood City War Council in the city hall.

Messengers are needed to carry communications to and from control center to parts of the city if the telephone system breaks down in an emergency, Granger said.

Residents may volunteer by contacting Mrs. Florence Donnelly, chief OCD clerk in the city hall, or the police department any Tuesday evening.

The question of marking helmets of the different civilian defense services was brought up again at the meeting. It was agreed that auxiliary police would use the letters AP, painted on the helmet. Auxiliary firemen will have their zone numbers painted in red. Fire captains, in addition to the number, will have a red stripe painted across the top. Council members felt instant identification of other services was not necessary.

Police Chief C. L. (Mickey) Collins questioned whether or not the walkie-talkie radios which the council has been considering, would be allowed to be operated during a blackout. The Federal Communications Commission will be contacted to clarify this point. Louis Dematteis, public relations chairman, urged prompt action on the walkie-talkies.

A chart was received from Al Russell, chief of first aid and ambulance service, showing the organization, names, addresses and equipment of all OCD medical services. The chart facilitates dispatching of medical aid in an emergency.

W. H. (Bud) Thorpe, chief air raid warden, was authorized to purchase 30 second-hand brake drums which will be sounded by wardens in event of a gas attack. Secil Kyle, chief gas officer, said that the army intended to have a practice gas alarm in this area some Sunday in the near future.

Lisle Winters, chief of public works, reported that San Francisco would lend chlorination equipment, if it could be spared, in the event that water supply in Redwood City became polluted in a disaster.

Emmett Donnelly, chief bomb reconnaissance agent of the bomb reconnaissance squad, said that one of the men had offered use of a truck that could be used by the squad. He said the men planned to get signs which would be used to block off streets that might be damaged in an air raid.

TOASTMASTERS: Analyst To Speak at District Meeting

Baxter Geeting, noted radio news analyst, will be one of the featured speakers at the meeting of the Northern California District of Toastmasters, International, this Saturday at the Central YMCA in San Francisco.

Starting with a luncheon at 12:30, delegates from clubs from Fresno to the Oregon border will meet during the afternoon to hear Geeting and to discuss matters relating to club activities.

After dinner at 6:30 a speech contest will be held to find the best speaker in all of Northern California. James Thornton of the Redwood City club, winner of the local area contest, will be unable to compete, because he is spending his Summer vacation from teaching at Sequoia Union High School working on the swing shift at a defense plant.

All members of Toastmasters' Clubs and their guests are invited to attend the affair.

Redwood City members planning to attend are Norman Meyer, Chester Armstrong, John Eshleman, Rudolph Kalenborn, Dr. William Gordon and Ray Moore.

Leonard Warns Against Beetles

Thousands of stately elms in San Mateo County are threatened by the elm leaf beetle, a serious pest which heretofore has been kept out of this area.

Agricultural Comsr. Max J. Leonard disclosed today that the beetle, prevalent in Palo Alto and other sections of the state for a number of years, has been found for the first time this year in practically all elm plantings from San Francisquito Creek north through Redwood City. Beyond this it has been discovered in a few spots as far north as Adeline Dr., Burlingame. Prior surveys in 1934, 1939 and 1941 proved negative.

The beetle attacks the leaves, and if it succeeds in completely defoliating the tree, death is almost certain.

Treatment consists of spraying in early May after all foliage is out with standard arsenate of lead in the ratio of 4 to 5 pounds to 100 gallons of water.

Galbraith Skates In Ice Follies

One of the great figure skaters of the nation and a scintillating star of the gleaming blades is a San Franciscan, Murray Galbraith, who is nightly delighting thousands as a featured star of the Ice Follies of 1943, now showing for a limited engagement at Winterland in San Francisco.

Murray was born in Winnipeg the son of a famous hockey player, Bill Galbraith. The family moved to San Francisco when Murray was a tot. Although born in a clime of snow and natural ice, oddly enough Murray learned to skate on the indoor rinks of San Francisco and skyrocketed to national prominence as a star of the Ice Follies within the past three years.

Prior to joining the Ice Follies, Murray was a competitor in amateur skating ranks, where he won the novice, junior and senior Pacific Coast championships.

Great experts of figure skating credit Murray Galbraith with being in a class alone because he performs his self-created interpretations of "precision routines" with an abandon akin to the great male dancers of the ballet. Hundreds of hours of rehearsals form the background of his dazzling art.

Murray is the brother of Ensign Sheldon Galbraith, USN with whom he teamed in the Ice Follies for several seasons.

The first daytime performance of the Shipstads and Johnson Ice Follies of 1943 will be held at Winterland on Sunday, July 18, at 2 p.m. The matinee day has been changed from previous years in order to conform with new schedules of persons employed in war work.

NEW BOOKS: Library Lists Recently Received Fiction

Miss Wilhelmina Harper, Redwood City librarian, said today many new fiction books for light summer reading and novels of a more serious nature have recently been added to the shelves of the Redwood City Public Library. A list of some of the more popuar books follow:

MYSTERY BOOKS

Bailey, "Mr. Fortune Finds a Pig;" Brown, "Siren in the Night;" Farjeon, "Murder at the Police Station;" Footner, "Death of a Saboteur;" Knight, "Affair of the Jade Monkey;" Litvinova, "Moscow Mystery;" Parrott, "Storm at Dusk;" Petersen, "The D. A.'s Daughter;" Seeley, "Eleven Came Back;" Wentworth, "The Chinese Shawl."

HUMOR

Forbes, "Mama's Bank Account;" Lasswell, "Suds in Your Eye;" Pratt, "Mr. Winkle Goes to War;" Rives, "Friday, Thank God!"

GENERAL

Allen, "The Forest and the Fort;" Asch, "Three Cities;" Blixen, "Winter's Tales;" Erskine, "Voyage of Captain Bart;" Fleming, "Colonel Effingham's Raid," Goodman, "Fireside Book of Dog Stories;" Herbert, "Capricornia;" Hilton, "Story of Dr. Wessell;" Lewis, "Gideon Planish;" Tempski, "Thunder in Heaven."

Incorporation Articles On File in Redwood City

Articles of incorporation of the San Mateo County Employees' Assn., certified by the secretary of state, were on file at the office of county clerk here today. The articles outline the purposes of the association to be promotion of general welfare, mutual protection, recreation and social activities of the county employes, and the advancement and improvement of public service.

The artisles name 11 directors: Emil G. Stein, president of the association; Bruce Martin; Helen J. MacGregor, secretary; William Wilkin, Adrian F. Ward, Adolph Waldeck, E. G. Koch, Bradlee Smith, Mura Stilleson, Theodore Bloomquist and William Curtis.

SAN CARLOS: Fire Threatens 6000-Gallon Tank of Oil

SAN CARLOS—A fire that destroyed 100 gallons of oil in one of the big acid-treating tanks at the Bayside Oil Corp. on Brandsten Rd. burned for nearly an hour between 7 and 8 o'clock Saturday evening before being extinguished by use of foamite from the Redwood City Fire Department's chemical division.

The blaze started, according to officials of the company, from a back-flare in the acid-treating process and ignited oil in the tank. Although the tank held 6000 gallons, Palmer Odegard, plant operator, said this morning, only about 100 gallons of oil were burned and damage amounting to between $300 and $400 was considered very slight.

The San Carlos Fire Department played water on the lower part of the tank to keep it cool—a tricky business, Odegard said, as the least bit of water inside the tank would have spread the flaming oil. The company's own chemical apparatus was rendered useless when a hose broke, spraying foamite over the ground, and the Redwood City chemical department was called. By that time the oil was burning steadily and it took six five-gallon cans of the soda and sulphur mixture to smother the flames. Redwood City has the only chemical equipment of this kind among fire departments in this area, Chief Mark Ryan said.

The County Forest Service also sent equipment to assist the San Carlos department.

Though the burning tank was close to another tank filled with oil, the fire at no time got out of control.

Sardines were named after the island of Sardinia in the Mediterranean.

Nursery School Continues Growth

Thirty-eight girls and boys—children of working mothers—were at the McKinley School child care center this week as the second week of the summer session opened. Two weeks ago, the nursery school—paid for half by the federal Lanham Act funds and half by individual fees—opened with five pupils. Today two new teachers were to be hired—one for the nursery school and one for the older group, and tentative plans drawn up for possible new centers, Mrs. Ruth Howarth, director, said today.

Fifteen other children have been enrolled to enter soon, the director said. Enrollments will continue to be taken but after the nursery school has grown to 30 pupils, other youngsters in the pre-school group will have to wait until a second center has been established in another school plant.

Warm weather thirst quenchers

When that old, red mercury starts climbing toward the top of the thermometer, be ready with thirst quenchers that will buoy up your spirits! Simple to plan, simpler to make. Casual coolers . . . special occasion beverages . . . nourishing milk drinks that serve as part of a meal—any one of them will prove to be a welcome pickup when energy seems to be at low ebb. Don't let Mr. Mercury catch you unprepared!

SUGAR SYRUPS—One of the first requisites of cool beverages is the sweetening that can be added instantly. It stretches the sugar supply, too, because it blends with the drink completely. Have some on hand. Combine 1 cup sugar with 2 cups water, stir until dissolved, then boil rapidly for 10 minutes. Cool and store covered in the refrigerator until needed.

FRUIT ADES—Oranges, lemons and grapefruit are tops among thirst quencher ingredients. But don't forget other fresh fruit, too. Press the juice from ripe plums, peaches, apricots, nectarines or berries by forcing the fruits through a food press or coarse sieve. Mix the juice with water . . . or for that added sparkle, mix it with plain carbonated water. Add sugar syrup to taste, and serve frosty cold.

MILK SHAKES—HOME STYLE—When a light snack is in order, serve it in the form of a nourishing milk drink. Mix chilled milk with sugar syrup and flavoring, or with molasses, honey or corn syrup. A dash of plain carbonated water will give it that "ice cream soda fizz," and a bit of nutmeg dashed on top will add just enough spice.

CARAMEL EGGNOG SODA—Make a sugar syrup using brown sugar instead of white. Sweeten chilled milk to taste and beat in a well-beaten egg. Again, carbonated water can be used for the bubbly feature. Serve with thin sandwiches or cookies for a light lunch or midafternoon refreshment.

FRUIT SYRUPS—Don't forget to save all the syrups from canned fruits. They are grand mixed with lemon or orangeade or for that fruity flavor in milk drinks.

TOMATO LEMON PUNCH—Fresh tomato juice, pressed from ripe tomatoes and enlivened with a bit of lemon juice makes one of the most ideal thirst quenchers for the hottest days. Add just a bit of sugar syrup, a dash of clove and stretch with carbonated water. Serve cold as ice. It's something to rave about.

FOR MORE ABOUT COOL DRINKS be sure to get your copy of Family Circle Magazine at your Safeway this week, and read Julia Lee Wright's article entitled "Cool Drinks for Warm Days." You'll find hot weather ideas galore.

Efficient Work of Fire Department Saves Pescadero Home from Flames

PESCADERO—Prompt and efficient work of the Pescadero Fire Dept. prevented the burning of the Huston Offilles residence which caught fire Monday. The blaze was spreading when the firemen reached the place but they were able to extinguish the flames before great damage was done.

The house is owned by the Duarte family.

NEW MEMBERS NDGW

Four new members were received into the Ano Nuevo Parlor, Native Daughters of the Golden West, in regular meeting Wednesday evening. They are Mary Morris, Gloria Gonzales, Mary Terry and Lola Perruccio. A charter member, Mrs. Elsie Rose, was reinstated.

★ ★ ★

Mrs. J. E. Cabral has returned from San Leandro where she was the guest of relatives. While there she was joined by her daughter, Darlien Cabral, and Leona Camponetti who are attending telephone school at Crockett.

★ ★ ★

C. F. Humphrey is building a new barn at Cascade Ranch to replace the structure destroyed by fire last November.

★ ★ ★

Mr. and Mrs. Jack Garcia Jr. and family were in Santa Clara Sunday to visit his brother, Pvt. Ed Garcia, who was home on furlough from his station in the East.

★ ★ ★

Seaman Alfred Archangelli of Vallejo, spent the past week end with Mr. and Mrs. Robert Ballard.

★ ★ ★

Mr. and Mrs. E. A. Williamson and children of San Francisco spent the week end here, while their daughter, Patty Ann, remained for a week with her grandparents.

★ ★ ★

Mrs. Edward Weeks was in Santa Cruz Tuesday where she visited her cousin, Mrs. Clara Sterns, who is in a hospital there.

★ ★ ★

Mr. and Mrs. M. P. Gomez and granddaughter, Joyce, who spent the week end in San Francisco, returned home Monday with their son, Oliver Gomez.

★ ★ ★

Mr. and Mrs. J. P. Neves and Martha Louise Gianini spent several days recently in Davenport where they were guests of Mr. and Mrs. Joe Gianini. While there, Mr. Neves was under a physician's care.

Mrs. Ann Perry of San Francisco was a guest Sunday of Mrs. Mary Cardoza. Mrs. Mary Carrea returned to the home of Mrs. Cardoza Sunday afternoon after several days spent in the Bay cities.

Mrs. Frank Perruccia, Miss Alice Davis and Mrs. Henry Walker and son, Mike, were recent visitors in Santa Cruz.

Mr. and Mrs. B. R. Dias are spending a vacation with relatives in Oakland.

Mr. and Mrs. Joe Gomes and daughter of Granada were guests last week of Mr. and Mrs. Manuel Gomes.

Mrs. Vennie Morris was in Half Moon Bay on business Monday.

Mr. and Mrs. William P. Baker and Miss Patsy Baker of San Francisco spent the week end at their Pomponio Ranch.

J. A. Moore has returned to his San Francisco home after a visit here.

Mr. and Mrs. William Francis and Mrs. Tony Pimentel were San Francisco visitors Monday.

Mr. and Mrs. George Fruedenberg Jr. of San Francisco spent the week end with the Jack Nunes family here.

Mrs. Walter Hohl and children spent Friday in Redwood City.

Mrs. J. A. Moore, Mrs. Albert Pomi, Clifford Moore and Ann Louise Pomi were visitors Thursday in Redwood City and San Mateo.

Mr. and Mrs. Edwin Williman spent the week end in Palo Alto.

Gordon Moore, who is spending the Summer here, spent the week end with his parents, Deputy Sheriff and Mrs. Walter Moore in Redwood City.

Eric M. Aslford, San Gregorio merchant, is in Palo Alto Hospital where he is undergoing medical treatment.

Mr. and Mrs. P. M. Peterson have received word from their son, Pvt. Robert Peterson, that he is being transferred from Hammer Field, Fresno, but his destination was not disclosed.

A "sea lawyer" in navy slang is a person who argues the precise meaning of navy regulations.

One pound, or 31 tabespoonsful, of waste cooking fats will produce the glycerine, processed as an explosive, required to fire four 27mm. anti-aircraft shells.

Food Committee To Study Winter Gardens

WOODSIDE — Winter vegetables for victory gardens will be the subject for discussion of the local Home Food Production Committee in a meeting next Tuesday evening, 8 o'clock, at the Guild Hall of Woodside Congregational Church, Mrs. Albert McKee, chairman, said today.

For successful winter production it is necessary that planting be started now and carefully carried out, the chairman said. Edwin Tate and Edgar Norris will be the chief speakers on the program and will answer questions brought to them. Mr. Norris will also give information on farm livestock.

Mrs. Hubert E. Law, president of the Woodside-Atherton Garden Club, sponsoring organization of local activities on home food production, will be in charge of pamphlets from the University of California on the topic.

Rainbow Girls Have Barbecue

A social event was enjoyed last evening by 45 members of Assembly 16, Order of Rainbow for Girls, when the group, after a swim in Sequoia pool, went to the R. K. Maynard home on Hopkins for an outdoor barbecue.

Games and dancing concluded the program.

Grace Louda, Beverly Mortensen and Ruth Dimick were in charge of arrangements, and they were assisted by Mrs. Maynard, Mrs. Frank Louda, Mrs. J. W. Brand and Mrs. R. G. Gillespie.

Mrs. Dyer Hostess At Luncheon

SAN CARLOS — Mrs. Robert Dyer Jr. of Cedar St. entertained Tuesday at luncheon. Her guests were Mesdames Val White, Clark Robinson, Lyman Waters, Fred Hagmeyer, L. J. Nieri of San Carlos, Mrs. Harry Welch of Belmont and Mrs. Harold Sorg of Redwood City.

Pepper is the most widely used of vegetables spices.

NDGW Initiates Two Members; Holds Birthday Observance for Another

HALF MOON BAY — District Deputy Mrs. Anne Biggio of El Carmelo Parlor, Native Daughters of the Golden West, Daly City, was a guest at the meeting of Vista Del Mar Parlor 155 Monday evening when two candidates were initiated. Mrs. Biggio was accompanied by Mrs. Hattie Kelly and Mrs. Pauline Quirola, both of Daly City.

Mrs. Evelyn Lucchesi and Mrs. Mary Bernardo Quinlan were the new members. The next meeting of the parlor will be July 19 when installation ceremonies will be held.

At the previous meeting the 85th birthday of a pioneer mother, Mrs. Mary Gonzales, was observed. Mrs. Gonzales has a daughter, Josephine, who is a member of the local parlor and a son, Edward, who is secretary of the Native Sons of the Golden West organization in Half Moon Bay. Another son, Charles, lives in Oakland.

Mrs. Gonzales is a granddaughter of the late Maximo Martinez who resided in Searsville. She was born on the Ormondale Ranch at Portola and is able to recall many interesting historical details during her life time.
